Line cross references

P1 / 10.F3 / 7.2-A

Symbol

- Source Pneumatics
- Target Pneumatics
- Source Hydraulics
- Target Hydraulics

Type of plan Plan number

If the source and destination
are the same part document type,
the planning type is not shown

P1: Pneumatic schematic
H1: Hydraulic schematic
L1: Lubrication schematic
G1: Gas schematic
W1: Cooling water schematic

Sheet reference

Page number . Page quadrant

Source or target identification

Device number - Connection name of the component

Standard reference:
Fluid schematics are to ISO 1219 and KRL1009-24 created.

Hose identification

12 / 9 BU -10 1000 mm

- Outside diameter
- Inside diameter
- Hose color
- Line type
- Length (for technical parameters)

Frame — 12 / 9 BU -10

This hose gets a label.

Hose color

BK	Black
RD	Red
GN	Green
BU	Blue
N	Neutral
SR	Silver
YE	Yellow
VT	Violet
GY	Grey
WH	White

Shade light / dark
(f. e. Red)

LRD	Light red
DRD	Dark red

Color combination
(f. e. Black and Red)

BK/RD	Black/Red
